General Information of Campus and Unit

The Department of Animal and Range Sciences is part of the College of Agricultural, Consumer and Environmental Sciences, which is home to seven other academic departments, five extension departments, approximately 150 faculty members and 1,800 students. The department offers an undergraduate degree in two majors (1) Animal Science and (2) Range Management and participates in the offering of four graduate degrees: A Master of Science in Animal Science, a Master of Science in Range Science and a Doctorate in Animal or Range Science. For more information about the department, please visit <http://aces.nmsu.edu/academics/anrs/>.

New Mexico State University invites you to apply to be a part of a diverse, dynamic and welcoming learning and working environment in Las Cruces, NM. NMSU seeks employees who are creative and flexible in developing and evaluating new ideas and ways to evolve NMSU into the future. Located in the borderlands and adjacent to the mighty Rio Grande, NMSU is a proud Hispanic-serving institution in the minority-majority state of New Mexico. Southern New Mexico features an average of 294 days of sunshine annually, making NMSU ideal for job-seekers who enjoy hiking, mountain biking, canoeing and bird-watching. NMSU is committed to sustainability through improving and maintaining the quality of human life while preserving the integrity, stability, and beauty of ecological systems for the future. We are looking for student-centered employees with a passion for success. NMSU invites you to take the first step to your successful and rewarding career by applying today.

NMSU is New Mexico's land-grant and space-grant institution, a comprehensive research institution dedicated to teaching, research, public service and outreach. In addition, the NMSU system includes a satellite learning center in Albuquerque, Cooperative Extension Service offices located in each of New Mexico's 33 counties, and 12 agriculture research and science centers. New Mexico State University is the institution of choice for more than 15,000 students from 49 states and 89 foreign countries.

The City of Las Cruces is the second largest city in New Mexico and is located in Doña Ana County, approximately 45 miles north of El Paso, Texas, and 225 miles south of Albuquerque. Las Cruces is the economic and geographic center of the Mesilla Valley, the agricultural region on the floodplain of the Rio Grande which extends from Hatch to the west side of El Paso, Texas. The Organ Mountains, 10 miles to the east, are dominant in the city's landscape, along with the Doña Ana Mountains, Robledo Mountains, and Picacho Peak. Las Cruces lies within a short driving distance of the Mexican border at Santa Teresa, as well as

many other locations in the broader borderland region.

Geography, climate, demographics, and ambiance of Las Cruces and NMSU combine to offer a truly excellent place to thrive. Family members will discover a warm, open community that offers an attractive array of activities and outdoor recreation, amenities, services and opportunities, whether they are looking for top-notch education, meaningful employment, or simply a safe and comfortable place to live.

Position Number	716390
Position Job Title	College Instructor/ Livestock Production
